A R.

Rs 70,000 is certainly very steep, & I doubt whether the Board Commrs would undertake it as a Scheme recommend it for sanction — Dr Dobson states that some private donors will come forward & he has apparently promises of one sum of Rs 10,000 & another of Rs 5000/—

2 I have personally formed myself that all that Dr Dobson recommends the same is highly desirable but we may not be able to do it all at once — So I have asked him to prepare an explanatory memo fully stating all his reasons for the proposed extension explaining in the order of their importance the several works that he thinks should be carried out —

3. If the Scheme commends itself to the Committee I think it would be desirable to have the plans & estimates of the whole prepared — If we can't carry them out all at once, they can be carried out one by one in the future — But it is a good thing to have a complete scheme & work up to

4 V The Committee might meet as
suggested on Thursday at 8 am & it is
desirable that you should be a member of
said Committee. D Dobson will have
his Memo ready by then —

5 I shall quite understand his
D'Thompson's objection to the Resident
Surgeon locating the buildings as he is the best
judge of the arrangement of buildings for
administrative convenience & sanitary reasons —
If the Exec Engr can recommend a better
arrangement, it can be discussed —

Yours truly Ilbert

FILE No. 141 OF 1893.

The Bowring Civil Hospital.

~~See Reid's 266~~
~~Sc 1.~~

As the Municipality have under consid^n the question of improving the above hospital, the Resid^t in his address No: 550 of the 26: June 93 asks the Resid^t to obtain from the Mily. authorities the plot of ground on the west of the hospital, and which is now used as a police drill ground.

2. The Resid^t wants this ground as he expects some native gentlemen to come forward & contribute towards the construction of cadet wards in connection with the hospital - Mr Thumboo Chetty has already contributed $10.000/ towards such an object

~~190~~
93

3. This piece of ground was made over in 1887 by the D.S.P. by the Mily. Dept: on

the following terms

"The Engineer General Lauchlan the meeting over the Lile on the understanding that H.M. necessity demand, it may be resumed for Military purposes at any time."

4 In the D.L.P.'s Memo. from which the above quotation is taken, Mr. Newton says that if this land was required for a Cemetery there would be no objection to the land being transferred to the Municipality provided it was given on the Lile and on permanent tenure.

5 The Resolution proposed may be forwarded to the D.L.P. who may then ascertain if he can spare the land required & report which Otter Lile be

would like ~~if a fence round~~
~~the~~ he will perhaps ask for
the land adjoining the
cinders Rd. Clabon, a portion
of which has recently been
given to Miss Smith for a
football ~~pitch~~ ground.
Cut & fl. plans of both.

6 ~~Mr. Jones~~ Under-signed invite
orders or remarks as to note
WR 5/11/93.

12/7/93

(1) I Smith urged that strongly that until a plot is fenced in very way as large and conveniently situated as the present the ground is liable ~~to~~ for ever ~~be~~ damaged by the ~~men~~ action by taken including the Police Force found being transferred to the City Station Municipality

(2) I doubt the building adjoining the building in the ground in question

I see this, by cause.

(4) because in looking over the ground
being for the purpose of a Drill ground
of the condition I never said, "that no
building was to be erected"

(5) But if the Military do allow such -
the Rural Dean Surgeon, under whom he has
quite recently changed his mind,
is against buildings being erected outside
the Barracks Hospital enclosure - and
the Main object in having the ground
closed to traffic, and the Space thereby
gained, attached to the Hospital Compound.
Was for the erection of the additional
buildings which are to form a portion
of the Hospital

(6) However I say once, as I did my opinion
of Land Transfers be made now
but for any Drill ground I am willing to
give up the present ground -

(7) But - with the vacant Site of part the
Railway Goods Shed, dimensions
I know of but my plot that with answer
and that is at Blackpatch near my
Police Lines, and for that plot an Ground
Rent has been demanded £200 Sold to my
mind by your Agents, and of the Property
being their Sole, and under such now the Police
in Place of the present Police Drill ground - there

is a most desirable step

(6.) I should mention that in making
the present Police Boards ground.
that it is, a fair amount of money
and very much time, and labour has
been expended

Edw. Hewetson
D.S. of Police

F. 8 - Rec'd Supt.

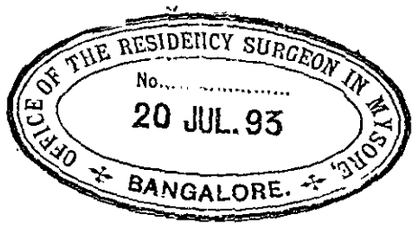
Please note remarks
with reference to para 3 of D.S. B's
note 12/7.

9 - I think the Superintendent of Police
has not quite understood what I may have
said in regard to building being erected
outside the Bowring Hospital grounds.
My remarks could only have reference to this

being located at any considerable
distance therefrom so that any opinion which
I may have expressed could have no reference
to the Police Hill ground as being in any
way essential for Hospital buildings. Moreover
previous to Colonel Reynolds addressing the
Resident on the subject, as per his letter referred
to in this file, he consulted with me and I quite
concurred with him in that ground being in
every way most suitable upon which to erect
the proposed Cooly Wards for persons of both
sexes. It is quite within my recollection that
an application to erect Contagious Wards there
was objected to by the Military Authorities, on
the advice of the Principal Medical Officer
of the District, but when it is considered that
the Municipal Presidents' present request is
for that ground "to build wards for other than
infectious diseases it will be a great matter
to obtain it for that purpose. The extension
of the present grounds of the Burying Ground
to the East & South does not at all suffice
for all the requirements needed where it is
intended to add Special Institutions such

see note on page 9 M.

9



1

for European & Eurasian: Children male special wards: Pay patients wards The Royden Thomson Ward dispensary and quarters for the nursing sisters. With the public roads on the East & South open so near, in fact it runs and they are within the Hospital enclosure, it has hitherto the effect of not only encroaching upon the ground but also interfering terribly with the privacy of the Hospital, a point so very essential to the well being of such an institution. Should the Municipality ground be required for municipal purposes where to erect the Castle wards for men & women Europeans cannot the be taken by members of the community as has been the case since the discipline of the present outpatient system came before them, to the existing Hospital Compound

8

10

heavy too overcrowded with buildings while the addition of the ground, which is now being applied for, will afford, as Colonel Sayre very rightly, an opportunity for other donors, like Mr Number(sic) Mutty, "to fulfil their pious and charitable intentions, by erecting special Hospital buildings on that ground."

A. Dalrymple

14

N. 1577. M of 18. Augt. 1873.

In a memorandum received by the General Officer Commanding Bengalore, from the Quarter Master General, Madras Army, it is stated that the proposal to make over the Police drill ground to the Bangalore Municipality for the erection of buildings thereon in connection with the improvements to the Bowring Civil Hospital will be submitted for the decision of the Commander-in-Chief on his visit to Bangalore.

Col: Maycock has been informed by A.D.C. that the matter will be decided by the Pro: C in C when he visits Bangalore early next month. H.V.C. 24.8.

14

15 The Pro: Commander-in-Chief visited the Police drill ground on the 15: Sept: 1893, & expressed his approval of the proposal to utilize this ground for the extension of the Women Hospital. Minute IX sent under Asst. Dist. Secs. No. 965/18 of 18: Sept. 1893

16 It is in fair satisfactory, but a suitable site must be found for the purpose of being used as a police drill ground. In this connection, please see Mr. Hewetson's remarks in para 7 of note especially clauses 1, 4 & 5.

17 If approved, the President, Municipal Commissioners may be informed, in reply to Al. No. 9, that the Military authorities have approved the proposal to utilize the ground West of the W. Hospital for the extension of the Hospital, but that as this involves the giving up by the Police of the ground used by them as a drill ground, some other site must be obtained for the Police. The President may be asked to submit proposals on this point in consultation with the D.I.P

Submitted.

Draft letter
Para 2
21.9.

Letter issued - Al. No. 16

15

(Continuation of Note or Precis.)

18 In memorandum N. 1765.2n. dated the 22nd Sept. 1893 from the Quarter Master General, Madras Army, forwarded under Dy Asst Adjt General, Bangalore Dy memo N. B/3688 of the 25th idem, final approval of the Provisional Commander-in-chief is communicated to the site used as a Police Drill ground being given over to the Municipality for the erection of buildings therein in connection with the improvements to the Mooring Civil Hospital.

D.18

19 The President, Municipal Commissioners has been asked in Dl. N. 16 to submit proposals for providing another plot for the police drill ground. His reply may be awaited. In the meanwhile, the present letter as also Dl. N. 15 (which has been called for in Dl. N. 17) may be returned. Two endorsements prepared for signature.

9/93 L

16

20 In Bl. N. 16, the President Municipal Commission was asked to submit in consultation with the Dist: Supt. of Police proposals for providing a site for the police drill ground in lieu of the existing ground which is to be taken up in connection with the Housing Hospital improvements.

21 Mr. Hewetson appears to have asked the Municipality to make over to him the plot of ground adjoining the Division Police lines. It is not clear what this site is. Probably it is the one that Mr. Hewetson referred to in clause 5 page 4 of this note. It is a private land & action may be taken under the Land Acquisition Act to acquire it, but as the compensation payable was excessive, the matter was allowed to drop.

D. 19-A

file N. 274
90

22 At their meeting dated 26. October 1893,

the

17

(Continuation of Noté or Precis.)

A.19.A

the Municipal Commissioners resolved that a strip of land to the west of the present drill ground be applied for from the Military Authorities. Accordingly in letter N. 1450 of the 27: October 1893, the President requests that the Military Authorities may be addressed on the subject. It is observed that the D.S.P considers that this ground is suitable for the purpose and ~~that~~ that Col: Magrath further adds that there is no other suitable site available in the Division in which the Police lines are situated.

A.19

23. It is very probable that the Military Authories will spare any part of ground in the vacant space in question as there is a proposal under consideration for the reconstruction of the East Watting lines on this ground. Vide passage marked A on Sl. N. 15 of this file.

18

24 As it is essential that a plot should be given to the Police for drill ground, the military authorities may, if approved, be asked to spare a portion of the vacant site just as much as the present drilling ground

Submitted.

AS
2-11-93

Mr Asst Sec

It would simplify matters if the Mcp. authorities permitted the police to drill on the large parade ground. Eg, on the ground just N of St Lucia Church?

HC 3.11.93.

Resident:

26 Was at some understanding arrived at to the effect that the Police W. be allowed to drill on the ground just E. of the present Police ground & W. of the Custom Inwards Rooms? I cannot find anything on the record to this effect.

H.V.C.
3.11

Yes. Please let me know to be sure

27

19

(Continuation of Note or Precis.)

General Faunce told me that he had no objection to the Police using this piece of ground, & which as a matter of fact has been given over to us for the Public Offices* — but I believe the D. S. P thinks that it is rather far for the Police to go — . . I am quite sure that the Mint authorities will have no objection whatever to the Police drilling on the ground that Lt Deagratt mentions. but I see no reason for the ground being handed over to the Municipality for the purpose of giving them control over it —

28 At any rate all this is premature till the Nursing Hospital scheme has been sanctioned & has been begun — which may therefore wait for some time yet — I know that they want for the Nursing Hospital a small strip in addition to the present Police ground in order to give sufficient room for the buildings — When we apply to the Mint Dept for this additional strip it will be time enough to ask the Mint authorities to let the Police drill on the ground to the West of the Hospital — Keep this with the file in the Museum

5/11

* This is not marked as Railway land on the map but it seems to have been assumed when the Public Offices were designed that it is Mint land

29 With letter No. 1526 dated the 6: June 1893; the President, Municipal Commission forwards a copy of the correspondence that took place in March 1890 between the Dist: Surgeon of Police & the Dist: Staff Officer, from which it appears that the Military Authorities were willing to grant 20 630 yards more of the vacant site to extend the present Police drill ground, on the understanding that should necessity demand it, the said additional land would be resumed. S.20

30 This correspondence is presumably sent to support the application made in Sl. No. 19 for the vacant ground to the west of the Police drill ground.

31 With letter No. 1533 dated the 18: November 1893, the President forwards a plan of the plot of ground applied for by the Municipality in Sl. No. 19. The plan clearly shows the requirements of the Municipality for purposes of the Nursing Hospital (marked yellow) and the requirements of the Police for a drill S.21

ground (marked green)

31 Please see Resident's remarks in paras 27 & 28 of note. It is presumed that the additional strip for the Hospital referred to in para 28 is included in the portion marked yellow. The military authorities may now be addressed, if approved.

Submitted for orders.

A.S.
22-11-93

A.22
Put up further letter from Resdt. forwarding plans for his proposed B.C. Hospital.
24.11.93.

32. With letter No. 1543 dated the 18th November 1893, the President, Municipal Commission, forwards plans & estimates for additions & improvements to the Bowring Hospital which the Residency Surgeon has reported to be absolutely & urgently necessary.

The works in question are:-

	Cost. To be paid from Municipal funds.	To be paid by Subscriptions.	Total
	Rs		Rs
Hospital for infectious disease —	20000 —	—	20000
Additions & alterations to existing hospital including a new dispensary —	26,000 —	8000 —	34000
New female hospital —	54000 —	82000 —	136000
Total	100000 —	90,000	190000

The total cost is Rs 1,90,000 - Contributions to the extent of Rs 90,000 are expected and a lac of rupees has to be defrayed from Municipal funds -

33 The Commissioners wish to raise the amount by loan on the security of the general revenues of the Municipality - The amount will be drawn as required to pay for the works as they are completed & it is proposed to advertise for the loan in the local market instead of borrowing it from the Govt of India - An annual allotment of Rs 10,000/- will be made in the budget towards repayment of principal & interest of the loan -

34 When the Municipality proposed before to borrow money for the construction of new Slaughter Houses, the Govt of India advised that the amount should be borrowed in the local market so that they would be willing to lend the money themselves & as the Commrs wish to try the local market, the necessary sanction may be obtained from the Govt of India for raising the money accordingly - Please see Sec: 91

- O.M. 7. file 18/9

it does not seem likely that they would be

gf

(Continuation of Note or Precis.)

of the Municipal Regulations. The rate of interest payable has not been stated. This has to be reported to the Govt. of India when ~~state~~ (plans?) & estimates are sent up. The terms of repayment ought to be clearly stated. The bare statement that an annual provision of Rs 10,000 will be made in the budget for payment of interest & towards repayment of loans seems insufficient. As the loan has to be raised by way of debenture, the matter has to be carefully worked out & in ~~advance~~ a stipulation ought to be made, office details, in the debenture bonds that they would expire by a certain fixed date. The President might obtain the necessary forms &c from the Madras Municipal

35 The Mysore bankers might be willing to lend the money, say at 5 per cent, and it would simplify matters a great deal were this arranged with the approval of the Government

24.

y Ludin -

Submitted for favourable order.

No: 23.

Residency Surgeon's office
Bangalore 18th January 189

From

The Residency Surgeon
Bangalore.

To

The President, Municipal Commissi
Civil and Military Station
Bangalore.

Sir,

I have the honor to bring to no
the necessity which exists for the construc
of the following additional buildin
and alterations to the existing build
of the Bowring Civil Hospital, and be
that you will lay this letter before th
Board's next meeting for disposal

1 The Erection of free quarters with
the Hospital Enclosure for five nurse
Sisters whereby a Saving of fifty rup
a month would be effected, as the
Sum is at present, paid to them in
lieu of such quarters, besides whic
the advantage that would accru
by the better utilization of the Siste
Services from their being always
on the premises instead of, as is no

7

the case of their living outside, and at a distance from the Hospital, is, in itself a matter worthy of very favourable Consideration.

ii The Construction of a Separate building sufficient to accommodate four Self-Paying Patients - two of each Sex - is a want that has long been felt, and if supplied would, I Consider, tend considerably to the greater efficiency of the Hospital.

iii The addition of two Similar buildings to that which has been recently erected for Contagious diseases to meet all the requirements of the Station, as well as replacing the two existing sheds in which for the want of better accommodation cases under observation for insanity, incurables, Skin diseases, as also cases of Cholera and Small-pox, have been treated from time immemorial, and as these sheds have therefore, needless to say, become so insanitary as to render it nothing short of a disgrace to continue to use them for any case of disease. Besides, were an attempt made to put them in an habitable, and Sanitary Condition, but which at best would be far from Satisfactory,

The.

the Cost mentioned thereby would be little short of the outlay needed for the erection of two entirely new buildings such as above proposed.

III Two additional wards similar in design and dimensions to the existing general wards are found to be indispensably necessary to meet the growing requirements of the Hospital which is fast becoming overcrowded especially on the male side.

IV The addition of 8 rooms connected by a Covered-in-passage, four on each side, to replace a similar number of rooms which it is proposed to dilicate for the use of non-paying Special cases, that cannot be Conveniently treated in the general wards, and also to afford Suitable Accommodation, as day rooms, for patients who may happen not to be bed-ridden and are able to leave the wards during some part of the day where they could receive Visits from relatives and friends of both Sexes within the prescribed hours.

V. The demolition of the northern end of the main Square of

building

buildings including four rooms and two kitchens all of which owing to their smallness and being insufficiently lighted and ventilated are quite unsuited for the purpose for which they now are used. experience has moreover shewn that cases of disease treated in the four rooms alluded to never do well and this fact coupled with the knowledge that free ventilation to the rest of the main buildings in the manner above described, is altogether interfered with, renders it imperatively necessary that the proposed alterations be early carried out in the best interests of the Hospital.

VII That the road to the south of the Hospital enclosure be closed leaving only a path for foot passengers, which, while adding considerably to the superficial space required for the proposed two buildings to be located there, as referred to at Clause i + ii of this letter, would, with the raising of the Compound wall to the height of six feet on the addition of a railing to the existing wall tend to greater privacy of the Hospital

2. You will doubtless remember that at your recent visit with the Resident to the Hospital both Colonel Henderson and yourself quite concurred with me in every particular brought to notice and in now laying the matter before you in detail I am not without hope that the Board will give the several points herein dwelt upon their very favourable consideration. I would therefore beg to recommend that the Amount Sanctioned by the Municipal Commissioners in their Resolution no: 19 dated September 24" 1892 for the Construction of a contagious diseases Hospital near the Cantonment Railway Station be set a part for the foregoing alterations and additions which are I consider essentially necessary to place the 'Bowring' on a sound footing and to make it such as to meet with the Hospital requirements of all classes of the Civil Community of Bangalore.

3. By giving effect to the foregoing proposals in their entirety the Cost of the extra Establishments, entailed

by

by the buildings for a contagious Hospital being placed at a considerable distance apart, would be obviated and the constant control of the Medical officer in charge ensured.

4. The Ex: Engineer, to whom application has been made, has kindly promised to supply description of the proposed buildings and alterations and an approximate estimate of their cost for the information of the Board pending the formal submission by him of the necessary plans and estimates for the proposed Works.

5. I would add that should the Commissioners care to see personally what the improvements are, which I propose having done to the Hospital I would be most happy to point them out any morning between this and the 28th instant when the next meeting takes place.

I have the
honour Sir
Your most obedient
Servant

Improvements to Bowring Civil Hospital.

Read. Proceedings of Committee dated 30th March 1893.

The Commissioners approve of the Committees recommendation that the road on the east of the Hospital should be closed, a portion of it being required for the erection of a dispensary to be called.

"Royalu Thumboo Chetty Dispensary"

The Commissioners also approve of two of the wards for women (on the new market side) being called after Mrs Thumboo Chetties wife

The Executive Engineer laid on the table block Plans of all the additions and alterations considered necessary in Communication with Lieutt General Fischer R.E and Surgeon Lieutt Colonel A. F. Dobson the Residency Surgeon members of the Committee, with an abstract estimate of the Cost of each item, amounting in the aggregate to Rs: 75,000. towards which the following contributions has been offered and expected. namely, From Mr Thumboo Chetty, chief Justice of Mysore who offers a contribution of Rupees ——————— 10000

for

for the purposes named in the first portion of the Resolution.
Balance to be provided for Rs 65000 of which the Commissioners propose to borrow Rs: 50000 at the most

Proposed by Mr. Deride

That the report of the Committee dated 30th March 1893 now before the Commissioners regarding the improvements to the Bowring Civil Hospital is full, and Satisfactory, and the same be adopted, and the plans and Estimates regarding the said improvements be forwarded to the British Resident for Support and Submission to the Government of India as required by Section 91 of the Municipal Regulations, and that the Sum of Rs: 30000 recommended by the Commissioners in their resolution No: 20 dated 28th January 1893 to be raised by loan be increased to Rs: 50000 to meet the increased cost of the additional improvements since that date, 28th January, urged by the Residency Surgeon, and as brought to notice by the Executive Engineer in his memo of the 27th March.

Seconded

Seconded by Mr. Hayes

Amendment by Mr. Celleff

That the original Sum of Rs: 30000 as per unanimous resolution 28th January be adhered to, and the plans and Estimates be altered to keep to that Sum

And that the report of the Committee be returned for Completion and further report

Seconded by Mr. Campbell

Original proposition Carried

The Commissioners unanimously resolve.

That a most cordial and hearty vote of thanks be accorded to Chief Justice Mr. Thumboo Chettiar, for his very liberal donation of Rs: 10000 for the erection of a Dispensary and two wards for women in the Bowring Civil Hospital.

The Commissioners accept the Conditions as mentioned in the Chief Justices letter announcing the gift.

Division of Assessment.

The Commissioners resolve that two Commissioners of each Division assist the President in the Valuation of lands, houses, buildings and huts with their appurtenances in the Civil and Military station, and touching the pay of a Valuator to assist the President and two Commissioners in their work.

Proposed by General Fischer R.E. that the pay of the Valuator (or valuers) to aid the President and the said two Commissioners in the above duty be fixed at Rs: 250/- per mensem

excluding

excluding Carriage allowance, but not exceeding a sum of Rs: 300/ in all.

Seconded by Mr. Khrishnasingh

Amendment by Mr. Celleff.

That the pay of the Valuers be fixed at Rs: 100, per month, and that on the Completion of the work, the question of a bonus to the Valuator on a percentage, be considered with reference to the increased income of assessment.

Seconded by Mr. Theruvaenunga Mood.

Sir,

As it is in Contemplation to greatly extend the Bowring Civil Hospital, and erect Several additional buildings thereto, and as it is also probable, that other wealthy native gentlemen, besides Mr. Thumboo Chetty &c., will come forward, and build Caste-wards in Connection therewith, I have the honour to request, that the Resident will be so good as to obtain, from the Military authorities, that

that plot of ground to the West of the B. C. Hospital, now used as a Police drill ground. The present B. C. Hospital Compound, even if slightly extended to the East and South, will not suffice for all the requirements needed; and if extra ground is not provided, there will be no scope for other donors to fulfil their generous and charitable intentions.

Rs 70,000 is estimated very roughly, & I should think the Municipal Commrs would undertake it if Govt recommended it for sanction — Dr Dobson states that some private donors also come forward & he has apparently promises of one sum of Rs 10,000 & another of Rs 5000/—

2 I have personally known myself that all that Dr Dobson recommends the same is highly desirable but we may not be able to do it all at once — So I have asked him to prepare an explanatory memo fully stating all his reasons for the proposed extensions explaining in the order of their importance. the several works that he thinks should be carried out —

3. If the scheme commends itself to the Committee I think it would be desirable to have the plans & estimates of the whole prepared — Govt could carry them out all at once, they can be carried out one by one in the future — But it is a good thing to have a complete scheme & work up to

4 V The Committee might meet as 29th May
suggested on Thursday at 8 am & it is
desirable that you should be a member of
said Committee. D Dobson will have
his Memo ready by then —

5 I will give instructions for
D'Thompson's Report to be printed
for Surgeon locating the buildings as he is the best
judge of the arrangement of buildings for
Administrative convenience & sanitary reasons —
If the Force hope can recommend a better
arrangement, it can be discussed —

Re 190/93

Re Bowring Civil Hospital.

As the Municipality have under Consid.n the question of improving the above hospital, the Resid.t in his address No. 550 of the 26th June 93 asks the Resid.t to obtain from the Mily. authorities the piece of ground on the west of the hospital, and which is now used as a police drill ground.

2. The Resid.t wants this ground as he expects some native gentlemen to come forward & contribute towards the construction of Cadet barracks in connection with the hospital - Mr. Thumboo Chetty has already contributed $10,000/ towards such an object.

3. This piece of ground was made over in 1887 by the D.S.P. to the Mily. Dept. on

the following terms :-

"The Engineer General Lands in the meeting over the Lillooet understanding that if necessity demand, it may be resumed for Military purposes at any time."

4 In the D. L. O. Memo. from which the above quotation is taken, Mr. Newton says that if this land was required for a Cemetery there would be no objection to the land being transferred to the Municipality provided it was given as for Park and not permanent tenure.

5 The Resolution proposed may be forwarded to the D. L. O. who might advise if he considers the land required & report what the Lillooet Board

would like if possible [illegible]
to [illegible] which would
the land adjoining the
cinders Rly Station, a portion
of which has recently been
given to Miss Smith for a
[illegible]
Cat. & Sp. Store of Cattle.

6 [illegible] under instruction
to [illegible] remarks on the note
[illegible] 5/7/93.

To E. Newton Esq.
D.I.P.

12/7/93

7 (1) I do not think that
strongly that until a plot is
formed in every way as large
and convenient [illegible] as the
present the ground is made over
[illegible] by the Council, no action be taken
[illegible] the Police Barracks should
being transferred to the City Station
Municipality.

(2) I doubt the military allowing
buildings on the ground in question
[illegible] they [illegible]

5/7/93

(a) because in looking over the ground
being for the purpose of a Drill ground
of the condition I never said, "that no
building was to be erected"

(b) But if the Military do allow such -
the Rural Dean Surgeon, under whom he has
quite recently changed his mind,
is against buildings being erected outside
the Barracks Hospital enclosure - and
the Main object in having the ground
closed to traffic, and the Space thereby
gained, attached to the Hospital Compound.
Was for the erection of the additional
buildings which are to form a portion
of the Hospital

(c) However I say now, as I did many years
ago, if land elsewhere be made over
to me by Drill ground I am willing to
give up the present ground -

(d) But - with the vacant site of part the
Railway Goods Shed, dimensions
I know of but no plot that will answer
except that at Blackpool, near my
Police Lines, and for that plot an Annual
Rent has been demanded £200 which to my
mind be a gross payment, and of the Property
being their Site, and under such now the Police
occupy a portion of the present Police Drill ground - the same
to be given up when such other

F. 8 - Rec'd Supt.

Please note remarks
with refce. to para 3 of D.J. B's
note 11/7.

9/8 I think the Superintendent of Police
has not quite understood what I may have
said in regard to building being erected
outside the Bowring Hospital grounds.
My remarks could only have reference to this

being located at any considerable distance therefrom so that any opinion which I may have expressed could have no reference to the Police Hill ground as being in any way essential for Hospital buildings. Moreover previous to Colonel Kirkpatrick addressing the President on the subject, and per his letter referred to in this file, he consulted with me and I quite concurred with him in that ground being in every way most suitable upon which to erect the proposed Cooly Wards for persons of both sexes. It is quite within my recollection that an application to erect Contagious Wards there was objected to by the Military Authorities, on the advice of the Principal Medical Officer of the District, but when it is considered that the Municipal Presidents' present request is for that ground "to build wards for other than infectious diseases it will be a great matter to obtain it for that purpose. The extension of the present grounds of the Burying Ground to the East & South does not at all suffice for all the requirements needed where it is intended to add Special Institutions such

for European & Eurasians: Children's male special wards: Pay patients wards: The Royden Thomas Charity dispensary and quarters for the nursing sisters. With the public roads on the East & South open so near, in fact it runs and they are within the Hospital enclosure, it has hitherto the effect of not only encroaching upon the ground but also interfering terribly with the privacy of the Hospital, a point so very essential to the well being of such an institution. Should the Police ground be required for municipal purposes where to erect the Castle ward for men & women Europeans cannot then be taken by members of the municipality as has been the case since the discipline of the present outpatient part came before them, to the existing Hospital (European

14

+ No. 1577. M of 18. Augt. 1893.

+ In a memorandum received by the General Officer Commanding Hongkong from the Quarter Master General, Troops Army, it is stated that the proposal to make over the Police drill ground to the Colonial Municipality for the erection of buildings thereon in connection with the improvements to the Nursing Civil Hospital will be submitted for the decision of the Principal Commander-in-Chief on his visit to Hongkong.

+ 23. 8. 93

Col: Magrath has been informed by d.o: that the matter will be decided by the Pro: C in C when he visits Hongkong early next month. H.N.C 24. 8.

14

15 The Pro: Commander-in-Chief visited the Police drill ground on the 15: Sept: 1893, & expressed his approval of the proposal to utilize this ground for the extension of the Nursing Hospital.

Annexure III sent under Asst. Supdt. Police's No. 965/18 of 18: Sept. 1893

16 It is so far satisfactory, but a suitable site must be found for the purpose of being used as a police drill ground. In this connection, please see Mr. Hewetson's remarks in para 7 of note especially clauses 1, 4 & 5.

17 If approved, the President, Municipal Commissioners may be informed, in reply to Sl. No. 9, that the Military authorities have approved the proposal to utilize the ground West of the N. Hospital for the extension of the Hospital, but that as this involves the giving up by the Police of the ground used by them as a drill ground, some other site must be obtained for the Police. The President may be asked to submit proposals in consultation with the D I P on this point

Two endorsements prepared for signature.

16

20 In Sl. No. 16, the President Municipal Commission was asked to submit in consultation with the Dist: Supt. of Police proposals for providing a site for the police drill ground in lieu of the existing ground which is to be taken up in connection with the Housing Hospital improvements.

21 Mr. Hewetson appears to have asked the Municipality to make over to him the plot of ground adjoining the Division Police lines. It is not clear what this site is. Probably it is the one that Mr. Hewetson referred to in clause 5 page 4 of this note. It is a private land & action may be taken under the Land Acquisition Act to acquire it, but as the compensation payable was excessive, the matter was allowed to drop.

D. 19-A

file No. 274/90

22 At their meeting dated 26. October 1893,

the

17

(Continuation of Noté or Precis.)

the Municipal Commissioners resolved that a strip of land to the west of the present drill ground be applied for from the Military Authorities. Accordingly in letter No. 1450 of the 27th October 1893, the President requests that the Military Authorities may be addressed on the subject. It is observed that the D.S.I.P considers that this ground is suitable for the purpose and that Col: Magrath further adds that there is no other suitable site available in the Division in which the Police lines are situated.

A-19

23. It is very probable that the Military Authorities will spare any part of ground in the vacant space in question as there is a proposal under consideration for the reconstruction of the East Watering lines on this ground. Vide passage marked A on Sl. No. 15 of this file.

Consideration

24 As it is essential that a plot should be given to the Police for drill ground, the military authorities may, if approved, be asked to spare a portion of the vacant site just as much as the present drilling ground.

Submitted.

Mr Archibald

25 It would simplify matters if the Mcp. authorities permitted the police to drill on the large parade ground. Say, on the ground just N. of Mr Burkis chemist?

H
3.11.93.

Resident:

26 Was it your understanding arrived at to the effect that the Police W. be allowed to drill on the ground just E. of the present Police ground & W. of the Custom Inwards Rooms? I cannot find anything on the record to this effect.

H.V.C.
3-11

Lord Tennyson told me that he had

27

19

(Continuation of Note or Precis.)

General Faunce told me that he had no objection to the Police using this piece of ground, & which as a matter of fact has been given over to us for the Public Offices* — But I believe the D. S. P. thinks that it is rather far for the Police to go — . . I am quite sure that the Mil authorities will have no objection whatever to the Police drilling on the ground that Lt Reagratt mentions. but I see no reason for the ground being handed over to the Municipality for the purpose of giving them control over it

At any rate all this is premature till the Nursing Hospital scheme has been sanctioned & has been begun — which may therefore wait for some time yet — I know that they want for the Nursing Hospital a small strip in addition to the present Police ground in order to give sufficient room for the buildings — When we apply to the Mil Dept for this additional strip it will be time enough to ask the Mil authorities to let the Police drill on the ground to the West of the Hospital — Keep this with the file in the Museum

5/11

28

* This is not marked as Railway land on the map but it seems to have been assumed when the Public Offices were designed that it is Mil land

29 With letter No. 1526 dated the 6th June 1893, the President, Municipal Commission, forwards a copy of the correspondence that took place in March 1890 between the Dist: Supte of Police & the Dt. Staff Officer, from which it appears that the Military Authorities were willing to grant 20 to 30 yards more of the vacant site to extend the present Police drill ground, on the understanding that should necessity demand it, the said additional land would be resumed. S.20

30 This correspondence is presumably sent to support the application made in Sl. No. 19 for the vacant ground to the west of the Police drill ground.

31 With letter No. 1533 dated the 18th November 1893, the President forwards a plan of the plot of ground applied for by the Municipality in Sl. No. 19. The plan clearly shows the requirements of the Municipality for purposes of the Nursing Hospital (marked yellow) and the requirements of the Police for a drill S.21

ground (marked green)

31 Please see Resident's remarks in paras 27 & 28 of note. It is presumed that the additional strip for the Hospital referred to in para 28 is included in the portion marked yellow. The military authorities may now be addressed, if approved.

Submitted for orders.

A.S.
22-11-93

A.22
Put up further letter from Resdt. forwarding plans for his proposed B.C. Hospital.
24.11.93.

32. With letter No. 1543 dated the 18th November 1893, the President, Municipal Commission, forwards plans & estimates for additions & improvements to the Bowring Hospital which the Residency Surgeon has reported to be absolutely & urgently necessary.

The works in question are:-

	Cost. To be paid from Municipal funds.	To be paid by Subscriptions.	Total
	Rs		Rs
Hospital for infectious disease —	20000	—	20000
Additions & alterations to existing hospital including a new dispensary	26,000	8000	34000
New female hospital —	54000	82000	136000
Total	100,000	90,000	190000

The total cost is Rs 1,90,000 - Contributions to the extent of Rs 90,000 are expected, and a lac of rupees has to be defrayed from Municipal funds -

33 The Commissioners wish to raise the amount by loan on the security of the general revenues of the Municipality - The amount will be drawn as required to pay for the works as they are completed & it is proposed to advertise for the loan in the local market instead of borrowing it from the Govt of India - An annual allotment of Rs 10,000/- will be made in the budget towards repayment of principal & interest of the loan -

34 When the Municipality proposed before to borrow money for the construction of new Slaughter Houses, the Govt of India advised that the amount should be borrowed in the local market & that, it does not seem likely that they would be willing to lend the money themselves, & as the Commrs wish to try the local market, the necessary sanction may be obtained from the Govt of India for raising the money accordingly - Please see Sec: 91

- O.M. 7. file 18/9

11

9f

(Continuation of Note or Precis.)

of the Municipal Regulations. The rate of interest payable has not been stated. This has to be reported to the Govt. of India when ~~state~~ (plans?) & estimates are sent up. The terms of repayment ought to be clearly stated. The bare statement that an annual provision of Rs 107 will be made in the budget for payment of interest & towards repayment of loans seems insufficient. As the loan has to be raised by way of debenture, the matter has to be carefully worked out & ~~incorporated~~ a stipulation ought to be made, office details, in the debenture bonds that they would expire by a certain fixed date. The President might obtain the necessary forms &c from the Madras Municipality.

35 The Mysore Govt might be willing to lend the money, say at 5 per cent, and it would simplify matters a great deal were this arranged with the approval of the Government

A The debenture bond must be in the form contained in Schedule H. attached to the Mad. Regns.

29/11

40 A proposition was brought forward by Mr. P. L. Bride at the last meeting of the Commissioners that application be made to the Durbar through the Resident to grant timber for the proposed improvements of the Bowring Hospital at cost price. Such a concession, Mr. Bride stated, was granted to several charitable institutions in the Native States, and it is urged that 30 per cent of the patients treated in the Bowring Hospital are subjects of H. H. the Maharajah. The proposition was carried unanimously, & the President, in his letter No. 1616 dated the 2nd December 1893, requests that the Durbar may be moved in the matter.

No: 23.

Residency Surgeon's office
Bangalore 18th January 189

From

The Residency Surgeon
Bangalore.

To

The President, Municipal Commissi
Civil and Military Station
Bangalore.

Sir,

I have the honor to bring to no
the necessity which exists for the construc
of the following additional buildin
and alterations to the existing build
of the Bowring Civil Hospital, and be
that you will lay this letter before th
Boards' next meeting for disposal

1 The Erection of free quarters with
the Hospital Enclosure for five nurse
Sisters whereby a Saving of fifty rup
a month would be effected, as the
Sum is at present, paid to them in
lieu of such quarters, besides whic
the advantage that would accru
by the better utilization of the Siste
Services from their being alway
on the premises instead of, as is no

the case of their living outside, and at a distance from the Hospital, is, in itself a matter worthy of very favourable Consideration.

ii The Construction of a Separate building sufficient to accommodate four Self-Paying Patients - two of each Sex - is a want that has long been felt, and if supplied would, I Consider, tend considerably to the greater efficiency of the Hospital.

iii The addition of two Similar buildings to that which has been recently erected for Contagious diseases to meet all the requirements of the Station, as well as replacing the two existing sheds in which for the want of better accommodation cases under observation for insanity, incurables, Skin diseases, as also cases of Cholera and Small-pox, have been treated from time immemorial, and as these sheds have therefore, needless to say, become so insanitary as to render it nothing short of a disgrace to continue to use them for any case of disease. Besides, were an attempt made to put them in an habitable, and Sanitary Condition, but which at best would be far from Satisfactory,

The.

the Cost mentioned thereby would be little short of the outlay needed for the erection of two entirely new buildings such as above proposed.

III Two additional wards similar in design and dimensions to the existing general wards are found to be indispensably necessary to meet the growing requirements of the Hospital which is fast becoming overcrowded especially on the male side.

IV The addition of 8 rooms connected by a Covered-in-passage, four on each side, to replace a similar number of rooms which it is proposed to dilicate for the use of non-paying Special cases, that cannot be Conveniently treated in the general wards, and also to afford Suitable Accommodation, as day rooms, for patients who may happen not to be bed-ridden and are able to leave the wards during some part of the day where they could receive visits from relatives and friends of both Sexes within the prescribed hours.

V. The demolition of the northern end of the main Square of

building

buildings including four rooms and two kitchens all of which owing to their smallness and being insufficiently lighted and ventilated are quite unsuited for the purpose for which they now are used. experience has moreover shewn that cases of disease treated in the four rooms alluded to never do well and this fact coupled with the knowledge that free ventilation to the rest of the main buildings in the manner above described, is altogether interfered with, renders it imperatively necessary that the proposed alterations be early carried out in the best interests of the Hospital.

VII That the road to the south of the Hospital enclosure be closed, leaving only a path for foot passengers, which, while adding considerably to the superficial space required for the proposed two buildings to be located there, as referred to at Clause i + ii of this letter, would, with the raising of the Compound wall to the height of six feet on the addition of a railing to the existing wall tend to greater privacy of the Hospital

2. You will doubtless remember that at your recent visit with the Resident to the Hospital both Colonel Henderson and yourself quite concurred with me in every particular brought to notice and in now laying the matter before you in detail I am not without hope that the Board will give the several points herein dwelt upon their very favourable consideration. I would therefore beg to recommend that the Amount Sanctioned by the Municipal Commissioners in their Resolution no: 19 dated September 24" 1892 for the Construction of a contagious disease Hospital near the Cantonment Railway Station be set a part for the foregoing alterations and additions which are I consider essentially necessary to place the 'Bowring' on a sound footing and to make it such as to meet with the Hospital requirements of all classes of the Civil Community of Bangalore.

3. By giving effect to the foregoing proposals in their entirety the Cost of the extra Establishments, entailed

by

by the buildings for a contagious Hospital being placed at a considerable distance apart, would be obviated and the constant control of the Medical officer in charge ensured.

4. The Ex: Engineer, to whom application has been made, has kindly promised to supply description of the proposed buildings and alterations and an approximate estimate of their cost for the information of the Board pending the formal submission by him of the necessary plans and estimates for the proposed Works.

5. I would add that should the Commissioners care to see personally what the improvements +c are, which I propose having done to the Hospital, I would be most happy to point them out any morning between this and the 28th instant when the next meeting takes place.

I have the
honor to be
Sir

Improvements to Bowring Civil Hospital.

Read. Proceedings of Committee dated 30th March 1893.

The Commissioners approve of the Committees recommendation that the road on the east of the Hospital should be closed, a portion of it being required for the erection of a dispensary to be called.

"Royalu Thumboo Chetty Dispensary"

The Commissioners also approve of two of the wards for women (on the new market side) being called after Mrs Thumboo Chetties wife

The Executive Engineer laid on the table block Plans of all the additions and alterations considered necessary in Communication with Lieutt General Fischer R.E and Surgeon Lieutt Colonel A.F. Dobson the Residency Surgeon members of the Committee, with an abstract estimate of the Cost of each item, amounting in the aggregate to Rs: 75,000. towards which the following contributions has been offered and expected. namely, From Mr Thumboo Chetty, chief Justice of Mysore who offers a contribution of Rupees ——————— 10000

for

for the purposes named in the first portion of the Resolution.
Balance to be provided for Rs 65000 of which the Commissioners propose to borrow Rs: 50000 at the most

Proposed by Mr. Deride

That the report of the Committee dated 30th March 1893 now before the Commissioners regarding the improvements to the Bowring Civil Hospital is full, and Satisfactory, and the same be adopted, and the plans and Estimates regarding the said improvements be forwarded to the British Resident for support and Submission to the Government of India as required by Section 91 of the Municipal Regulations, and that the Sum of Rs: 30000 recommended by the Commissioners in their resolution No: 20 dated 28th January 1893 to be raised by loan be increased to Rs: 50000 to meet the increased cost of the additional improvements since that date, 28th January, urged by the Residency Surgeon, and as brought to notice by the Executive Engineer in his memo of the 27th March.

Seconded

Seconded by Mr. Hayes

Amendment by Mr. Celleff

That the original Sum of Rs: 30000 as per unanimous resolution 28th January be adhered to, and the plans and Estimates be altered to keep to that Sum

And that the report of the Committee be returned for Completion and further report

Seconded by Mr. Campbell

The

The Commissioners unanimously resolve.

That a most cordial and hearty vote of thanks be accorded to Chief Justice Mr. Thumboo Chettiar, for his very liberal donation of Rs: 10000 for the erection of a Dispensary and two wards for women in the Bowring Civil Hospital.

The Commissioners accept the Conditions as mentioned in the Chief Justices letter announcing the gift.

Division of Assessment.

The Commissioners resolve that two Commissioners of each Division assist the President in the Valuation of lands, houses, buildings and huts with their appurtenances in the Civil and Military station, and touching the pay of a Valuator to assist the President and two Commissioners in their work.

Proposed by General Fischer R.E. that the pay of the Valuator (or valuers) to aid the President and the said two Commissioners in the above duty be fixed at Rs: 250/- per mensem

excluding

excluding Carriage allowance, but not exceeding a sum of Rs: 300/ in all.

Seconded by Mr. Khrishnasingh

Amendment by Mr. Celleff.

That the pay of the Valuers be fixed at Rs: 100, per month, and that on the Completion of the work, the question of a bonus to the Valuator, on a percentage, be considered with reference to the increased income of Assessment.

Seconded by Mr. Theruvaiungia Mood.

Sir,

As it is in Contemplation to greatly extend the Bowring Civil Hospital, and erect Several additional buildings thereto, and as it is also probable, that other wealthy native gentlemen, besides Mr. Thumboo Chetty &c., will come forward, and build Caste-wards in Connection therewith, I have the honour to request, that the Resident will be so good as to obtain, from the Military Authorities, that

that plot of ground to the West of the B. C. Hospital, now used as a Police drill ground. The present B. C. Hospital Compound, even if slightly extended to the East and South, will not suffice for all the requirements needed; and if extra ground is not provided, there will be no scope for other donors to fulfil their generous and charitable intentions.

I have the honour to be
Sir
Your most obedient Servant

OFFICE NOTE.

29-7-93.

Plans of improvements to Bowring Civil Hospital.

Extra Establishment of draftsmen was sanctioned by the Resident – on 9th May – The appointments were sent for advertisement in the Madras & Local papers on 11th May –. 8 applications were received up to about middle of June, and as reported on 26 June – none of the applicants were considered qualified – and the Extra Establishment has not been entertained up to the present time,

The ground plans of the proposed work is nearly ready – and the detail plans will be taken on hand by myself and the permanent Establishment – with the aid of any temporary hands that can be got locally – from Monday the 31st Instant,

These plans will be submitted by the 31st August – as originally promised,
